

**HONUAKAI**  
RESORT & SPA  
KAANAPALI BEACH

Maui's newest resort is unlike any other. Take all the best elements of the traditional Hawaii resort and re-imagine them as a more welcoming, more open experience.

On one side, the Pacific Ocean. On the other, the beautiful West Maui Mountains, with acres of golden pineapples growing on the gentle slopes.

The forecast is sunny with a cool trade wind blowing. Perfect conditions for a day on the beach.

Not just any beach, Kaanapali North Beach. No wonder whales make their annual pilgrimage just off the coast.

“An exquisite setting to connect with family and friends, sand, sky and sea.”

“Spacious one, two and three bedroom suites with gourmet kitchens and the services of a luxury resort.”

“Make a feast in your kitchen. Make a reservation for local adventures. Make your vacation the way you want it to be.”

“Part of the magic of Honua Kai is the way sharing a suite brings you closer together.”

Everything is designed to instantly put you at ease. Every fixture, every furnishing, every feature of the open floor plan has been designed to take Hawaii vacation accommodations to an entirely new level.

The feel of our suites is that of a contemporary luxury Maui vacation home, graciously furnished in exotic wood and polished granite, and tastefully equipped with top of the line appliances.

Staying at the resort is about having lots of options. The suite's kitchens make it a pleasure to prepare a quick snack or to gather together for a sumptuous dinner.

Because the greatest luxury of all is simply the space to spread out and enjoy the company of your friends and loved ones.

“The panoramic view of the islands of Lanai and Molokai are unique from Kaanapali North Beach...simply breathtaking.”

Upon completion, the resort will have three swimming pools. The Formal pool will welcome you to relax, cool off, or swim laps. In 2010, the Activity pool, for family fun, and the River pool will also be open.

Our beach activities desk will have everything that a family will need for memorable days at the pool or on the beach.

“Perfectly situated, the resort is minutes away from golf, biking, hiking, sightseeing, shopping and every water activity imaginable.”

Honua Kai's spa will be unlike any other Maui spa. Body treatments combine the islands' unique healing traditions with the very latest advances in wellness. Expect to emerge absolutely vibrant.
